

COVID-19 Message

During this evolving situation of the COVID-19 outbreak, The View at Montgomery's highest priority is caring for our residents and personnel. Your family is our family. To this end, the leadership and staff at The View have developed and implemented best practices to our on-site property as well as home office personnel to support the prevention of the COVID-19 and the possibility of potential outbreaks. We will continue to provide guidance as this situation continues to evolve.

Your students rely on The View's promise of best-in-class service and amenity offerings which includes our guarantee of extremely clean facilities. We are taking that same best-in-class approach to these recent COVID-19 challenges, layering enhanced protocols for frequent cleaning and disinfecting of all areas of our property to support the safest, most comfortable living experience. We will continue to implement COVID19 prevention best practices, in accordance with CDC, WHO and State and local guidelines, reviewing and updating our standard operating procedures to ensure we have the most current, preventative processes and policies in place to keep our community as safe as possible as they return back to campus. For those residents currently living at The View and those soon returning for the Fall semester, you'll see throughout our facility a community-wide commitment to promoting safe social distancing, the wearing of masks and other protocols to maintain everyone's safety and care. Learn more about [Commitment to Cleanliness](#) - our COVID-19 prevention protocol blueprint.

We are grateful for the trust you place in us. We will continue to do our absolute best to care for and support our residents' safety and comfort during this unprecedented time.

If you have any questions or concerns at all about your student living experience at The View, please do not hesitate to contact us.
